

CDT Certification: 7-Week Study Course Begins February 8th

The **CDT Certification** was developed for Architects/Engineers (A/Es), Owners and Contractors whose work is directly affected by construction documentation, and for product representatives who, although not named in the contract, provide all the material necessary for creating the built environment.

The **CDT Study Course** lays the groundwork for understanding the development of facilities from conception to decommissioning, the overall construction process and, most important, prepares you for taking the CDT exam: a respected credential in the construction industry.

To register for the CDT Study Course, contact Georgia Spencer at 509-521-0753, or send an email to: certification@csispokane.org.

Class Schedule:
