

# Check Your PULSE...

On February 9th, over 100 Designers, Architects, and Suppliers gathered at the Lincoln Center for a first-time-ever presentation held in the Inland Northwest; **Color Pulse 2011**. The presentation, by Benjamin Moore Paint Co., gave the attendees a glimpse of anticipated design and color trends we can expect to see in the next year. It was defined by 4 themes: The Farm, Order, Escape, and Tribe. Each theme carried images of color and design schemes wrapped in the emotion of the theme. The message was inspirational and provided attendees an inside track to color selections.

The event was supported by numerous Sponsors and Associations. Thank you to all! The event could not have been possible without your support!

## Thank you COLOR PULSE 2011 participants!
