

# 2010 CSI/AIA Golf Tournament a big success!

**It was a beautiful day, *no rain* and the perfect temperature for golf.**

Qualchan Golf Course did a great job taking care of us. We had one hundred and thirty one players and thirty six hole sponsors participate. This exceeded our expectations and made the day fun for everyone.

This event was CSI's third annual Golf Tournament benefitting the CSI Spokane Chapter Scholarship Fund. We were very pleased to have AIA join us this year, to benefit the Inland Northwest Architectural Foundation. The cooperation and participation of organizations helped take this event to a new level. The course was filled, allowing us to have a shotgun start and teamwork also helped us to double our sponsorship participation.

I would like to thank everyone who participated in the preparation of this event. We had twelve committee members that met about every month for a year to organize and promote this event. It was their hard work that made this event a success. Beyond that there were several of the committee members coworkers, friends, and family members that helped with tracking sponsors and players, receiving money, designing invitations and signs, gathering prizes ... etc. Thank you for all of your hard work.

The day of the event we had several people who ran the check in table, placing and picking up sponsor signs, selling raffle tickets and mulligans, and directing people where to go. Thanks to everyone who helped out. Everything ran very smooth and the event would not have been a success without you.

I would also like to thank all of the sponsors and players that participated. Even in these hard economic times all of you stepped up and supported your industry. The funds earned at this event will go to help promote and serve our industry and your commitment to this is appreciated. We hope that all of you will make this an annual event.

Our committee will be meeting again in the next couple of weeks to download and to begin organizing next years' golf tournament. We look forward to doing it again next year.

David Birdsall  
Golf Committee Chair
